AGENDA

MONDAY, JUNE 6TH, 2016
PAETZOLD AUDITORIUM
VANCOUVER GENERAL HOSPITAL

- 8:30** **REGISTRATION**
- 9:00** **WELCOME REMARKS** – Steven Tam, General Legal Counsel & Chief Privacy Officer, VCH
- 9:15 TO 10:15** **KEYNOTE PRESENTATION: STRIDE – THE BB-8 OF HEALTH RESEARCH?**
Dr. Henry Lowe from Stanford University will speak about STRIDE, the Stanford Translational Research Integrated Database Environment, an innovative research and development project which he spearheaded to create a standards-based informatics platform supporting clinical and translational research.
- 10:15 TO 10:30** **MORNING BREAK**
- 10:30 TO 12:00** **A GALAXY OF DATA: DATA SOURCES ACROSS THE PROVINCE**
The morning sessions will provide an overview of major data holdings in the province, including how to access the holdings and their potential for innovative research.
- 10:30 TO 10:50** Kelly Moran, BC Ministry of Health
10:50 TO 11:10 Mary McBride, BC Cancer Agency
11:10 TO 11:30 Dr. Jon Stoessl, Djavad Mowafaghian Centre for Brain Health
11:30 TO 11:50 Dr. Kimberlyn McGrail, Population Data BC
11:50 TO 12:00 Q&A
- 12:00 TO 1:00** **LUNCH – PIZZA “THE HOT” LUNCH WILL BE SERVED**
- 1:00 TO 1:45** **THE CST DATA LANDSCAPE: A NEW HOPE?**
Mark Chase, Executive Director of VCH Decision Support, will introduce the Clinical and Systems Transformation (CST) or Cerner project and how it will support research and secondary use, including the common data platform to be developed amongst Vancouver Coastal Health, Provincial Health Services Authority and Providence Health Care.
- 1:45 TO 2:00** **AFTERNOON BREAK**
- 2:00 TO 3:00** **DO. OR DO NOT. THERE IS NO TRY: EMERGING ACCESS MODELS**
Steven Tam, General Legal Counsel and Chief Privacy Officer for Vancouver Coast Health, will lead a presentation on new access models for accessing the wealth of health information that exists in BC for research and other secondary uses. These models are designed to facilitate legitimate access to health information for research or other secondary uses while improving privacy and security protections in respect of health data.
- 3:00 TO 4:00** **MAY THE FORCE BE WITH US: TACKLING PRIVACY AND SECURITY RISKS**
This session will provide a lively forum to discuss privacy and security issues associated with access, use and sharing of health information to support research, quality improvement and healthcare planning. It will also provide a forum for participants to weigh in on whether the emerging access models strike the right balance between access and privacy. Moderated by Dr. Eric Grafstein, Researcher and Regional Head, VCH and PHC Emergency Departments, the panel's speakers include:
- Dr. Larry Frisch, Clinical Associate Professor, School of Population and Public Health, UBC
 - Cassidy Jones, Patient Representative
 - Michael McEvoy, Office of the Information and Privacy Commissioner of BC
 - Micheal Vonn, BC Civil Liberties Association
